

SUMMER LAWN CARE SCHEDULE

Seasonal Maintenance Guide & Checklist

MONTH	RECOMMENDED TASKS	STATUS
JUNE	• Raise mower height to 3-4 inches • Apply grub control treatment • Deep water (1 inch per week) • Spot treat summer weeds	•
JULY	• Water early morning (5am - 9am) • Leave grass clippings (mulch) • Check for heat stress/brown spots • Maintain sharp mower blades	•
AUGUST	• Monitor for fungal disease • Prepare for fall overseeding • Continue deep, infrequent watering • Test soil pH for autumn adjustments	•

Maintenance Notes:
