

MACROECONOMIC RESOURCE MAP

Fiscal Year 2024 | Global Distribution Analysis
Document Ref: MR-001X

Energy Reserves
Critical Minerals
Agricultural Hubs
Tech/Manufacturing

Zone Alpha	Natural Gas	12.4%
Zone Beta	Rare Earth Elements	8.1%
Zone Gamma	Arable Land	15.2%

Key Observations

Geographic concentration of energy assets indicates high export potential in Zone Alpha. Infrastructure development in Zone Beta is required to optimize mineral extraction and stabilize regional supply chains.
