

COAGULATION PROFILE REFERENCE

Standard Adult Reference Ranges
Template ID: COAG-001

Test Component	Abbreviation	Reference Range	Unit
Prothrombin Time	PT	11.0 - 13.5	Seconds
International Normalized Ratio	INR	0.8 - 1.1	Ratio
Activated Partial Thromboplastin Time	aPTT	25.0 - 35.0	Seconds
Fibrinogen	FIB	200 - 400	mg/dL
Thrombin Time	TT	12.0 - 19.0	Seconds
Platelet Count	PLT	150 - 450	$\times 10^3/\mu\text{L}$
D-Dimer	-	< 0.50	$\mu\text{g/mL}$ FEU

Clinical Notes

Values may vary by laboratory instrumentation and reagent sensitivity. Therapeutic ranges for patients on anticoagulation therapy (e.g., Warfarin/Heparin) will differ significantly from the standard reference ranges shown above.

This document is a visual template for reference only. Lab results should always be interpreted by a qualified healthcare professional in the context of clinical presentation.
