

THE HUMAN PELVIS

Anatomical Structure & Key Landmarks

1. OS COXAE (HIP BONES)

- Ilium Superior Region
- Ischium Postero-inferior Region
- Pubis Antero-inferior Region
- Acetabulum Hip Socket

2. ILIAC LANDMARKS

- Iliac Crest Superior Border
- ASIS Ant. Sup. Iliac Spine
- AIIIS Ant. Inf. Iliac Spine
- Iliac Fossa Internal Surface

3. SACRUM & COCCYX

- Sacral Promontory S1 Superior Edge
- Sacral Foramina Neural Passageways
- Sacroiliac Joint SI Linkage
- Coccyx Terminal Vertebrae

4. PELVIC OPENINGS

- Pelvic Inlet Superior Aperture
- Pelvic Outlet Inferior Aperture
- Obturator Foramen Large Lateral Gap
- Pubic Symphysis Cartilaginous Joint

5. STRUCTURAL CLASSIFICATION

- Greater Pelvis False Pelvis (Above Brimming)
- Lesser Pelvis True Pelvis (Below Brimming)
- Subpubic Angle Male: < 90 | Female: > 90
