

DORSAL SURFACE OF THE BRAIN STEM

[Illustration: Dorsal View / Cerebellum Removed]

MIDBRAIN (MESENCEPHALON)

- Superior Colliculus (Visual Reflex)
 - Inferior Colliculus (Auditory Reflex)
 - Pineal Gland (Epithalamus)
 - Trochlear Nerve (CN IV) (Exit Point)
-

PONS

- Superior Cerebellar Peduncle
 - Middle Cerebellar Peduncle
 - Facial Colliculus
 - Median Sulcus
-

MEDULLA OBLONGATA

- Cuneate Tubercle
 - Gracile Tubercle
 - Obex
 - Hypoglossal Trigone
 - Vagal Trigone
-

FOURTH VENTRICLE FLOOR

- Rhomboid Fossa
 - Striae Medullares
 - Locus Coeruleus
 - Lateral Recess
-

Observations / Clinical Correlation Notes:
