

STANDARD ALGORITHM DIVISION

Divide • Multiply • Subtract • Bring Down • Repeat/Remainder

D Divide *Does*

M Multiply *McDonald's*

S Subtract *Sell*

B Bring Down *Cheese*

R Repeat *Burgers?*

$$\begin{array}{r} 14 \text{ r}1 \\ \underline{571} \end{array}$$

$$\begin{array}{r} - 5 \downarrow \\ 21 \\ - 20 \\ 1 \end{array}$$

Parts of the Problem:

- **Dividend:** The total being divided (71)
- **Divisor:** Number of groups (5)
- **Quotient:** The answer (14)
- **Remainder:** What is left over (1)
